Government of India  
**District Shajahanpur**  
**2016-17**

<b>BASIC INFORMATION</b>
--------------------------

1) State

UTTAR PRADESH

2) Implementing Agency:

STATE /DISTRICT LEVEL:(SWSM)/SRDA/Sanitation Mission/Other State Govt. agency

Chairman of Executive Committee of the State Committee/Agency

(by Designation)

District magistrate                      Vijay Kiran Anand

CDO    Pulkit Khare

DPRO    Chandrika Prasad

3) Address for communication District panchayat raj officer, vikas bhawan, Shahjahanpur

Phone: 05842-224836 (O)    9415776275 (M)

Email: dprosj-up@nic.in

4) Account details of SWSM/SRDA/CCDU/District Level other agency of State Government

Account No:10998707521

Name of Bank :State bank of india

Branch :Town hall , Shahjahanpur

IFSC Code :SBIN0003085

5) SBM(G) project profile

Total number of Rural Districts in the State:

Total SBM(G) District Project Sanctioned:

Total Cost of the project Sanctioned:

Total expenditure till date (of state including all Districts) :

Balance fund available (of state including all Districts) :

Percentage of Rural Households covered with toilets in the State/Districts :

**2015-16****(a) Sanitation Coverage(State/District)**

	Sanitation Coverage as on 01.04.2015	Sanitation Coverage as on 28.02.2016	Expected Sanitation Coverage as on 31.3.2016
Rural Sanitation Coverage	46.50	48.17	48.17

**(b) Open Defecation Free Status(State/District)**

	Target for 2015-16	Achievement as on 28.02.2016	Expected Achievement as on 31.3.2016
Gram Panchayats Identified for ODF	21	00	00
Village Identified for ODF	-	-	-

**(c) Please provide a Note on the ODF verification Process adopted in your State (along with copy of State circulars)**

At the district level, after the receipt of the Gram panchayat (verification unit) resolution of a GP being declared ODF, the resolution is submitted to the District Level Appraisal Committee headed by the Chief Development Officer, Chief Medical Officer, District Programme Officer & District Economic & Statistics Officer, District Co-ordinator UNICEF & District Co-ordinator WHO. The District Appraisal Committee would adopt different measures to verify the claim of GP of being ODF as per the guidelines and checklist issued under SBM. The Appraisal Committee prominently adopts one of the below two mechanisms : 1.5 Member Teams are constituted to do an independent field survey of GP, among the trainees empanelled in the Skills Development Mission as part of their Soft Skill Employment Module to develop inter-personal skills, group dynamics, personality development and so on. The Master Trainer of the Batch will accompany this group in the field survey. Incentive system is laid down for this Team, if they are able to refute the claim of the GP of being ODF with evidence, a cash reward of Rs. 2000 is granted to them. They are also empowered to do such a field survey effectively and professionally by training them, providing logistical support and so on. They would be undertaking detailed presentations of their findings in front of the appraisal committee 2.Teams are requested from other districts of the Commissionerate duly constituted by the Deputy Director of Panchayat Raj Department to do a cross verification of the claim of the GP under the guidelines of SBM, if they are able to refute the claim of the GP of being ODF with evidence, a cash reward of Rs. 2000 is granted to them. In these field surveys, the crucial focus area would be to test the sustainability of these GPs to remain ODF and the strength of the Community movement and sustainable behavior change seen among the community. After the field survey, results are analysed by the appraisal committee, either to submit before the District Water and Sanitation Committee for accepting the GP to be ODF or send the proposal back to the GP with the findings of the survey and inputs as required.

**(d) Physical Progress**

(The distinct- wise status to be enclosed)

(g) Please provide a one page note on the key IEC/IPC activities undertaken in the District :

Training cum capacity building workshops were held at Block level & Gram panchayat level for pradhans, Safai Karmacharies, Assistant development officer (panchayat), VLWs etc.

(h) Institutional Structure For implementation of SBM (G) in your State under the following headings

Please provide a 1-2 page Note on the institutional structure for implementation of SBM(G) in your State under the following headings

- (i) Nodal Department. : Panchayati Raj Department
- (ii) Mission Director/State Coordinator with rank. : Shri Amit Gupta, Mission Director of Swachh Bharat Mission (G), Uttar Pradesh
- (iii) Institutional structure at the district level;
  - 1-Involvement of Collector; Collector is the head of the District Water and Sanitation Committee
  - 2-Involvement of CEO/CDO, Zilla Panchayat : Yes, CDO is actively involved in the implementation, fund flow and supervisory functions
- (iv) Institutional structure at the block level, Involvement of BDOs : BDO & ADO (P) are incharge of the Block Programme Management Unit and are involved in the implementation, fund flow and supervisory functions. There is also a block level task force that is constituted for implementation of the programme to ensure coordination between stakeholder departments.
- (v) Institutional structure at the village level : Gram Panchayat is the implementing unit at GP level. There is also a GP level task force that is constituted for implementation of the programme.
- (vi) Payment/Honorarium structure at District, block and village levels. : We at the district are planning to adopt different strategies for different villages based on the effectiveness criteria- 1. In some cases funds are transferred to the GP as implementing agency and toilets are constructed parallel to CLTS implementation; 2. In other cases beneficiaries are triggered and followed upon to build toilets and then are reimbursed via RTGS directly into

their accounts after due verification. At the block level and at the district level funds are reserved for IEC & HRD requirements.

- (vii) Whether there is any incentive structure linking work to achievement of outcomes- Yes, the motivators are provided for Rs. 10K incentive for taking ownership and converting a GP to ODF GP within a given time and Rs. 25k for sustaining it as ODF GP for 6 months. This amount is paid only after certification by the District Appraisal committee after adhering to the stringent deadlines.

(i) **Format for providing information on Manpower Structure**

HRD Structure for the Implementation of SBM-G		Incentive Structure for their functioning
Suggested Administrative Structure as per SBM-G		HRD Structure Available in the State
State Level	Director -1 State Coordinator -1 Consultants- HRD/IEC/M&E/SLWM/MIS/Accountant/ Data Entry Operator- Each one	
District Level	District Coordinator i/c of SMB(G)-1, Assistant Coordinator (tech)-1, Consultant- IEC/HRD/M&E cum MIS/Sanitation & Hygiene/SLWM/Accountant/ Data Entry Operator	
Block Level	Full time Block Sanitation Officer (BSO)-1, Block Coordinator /Data Entry Operator -Each One, A team of Social Mobiliser and Technical Supervisor for 20-30 GPs	
GP Level	VWSC as a Sub Committee of Gram Panchayat with 50% women members and representative of SC/ST and poorer section, Swachhta	

(J) **Training and Capacity building**

Total No. of GPs	No. of motivators planned to be trained in 2015-16	No. of motivators trained upto 31.03.2016	No. of motivators trained in community process & triggering upto 31.03.2016	Actual expenditure upto 28.2.2016
922	-	-	-	-

**(k) Please provide a Note on the fund flow mechanism upto village level. Is there electronic transfer of funds/DBT? What is the usual time taken to reach funds upto village level after requirement ? How is the issue of parked funds addressed?**

We at the district are planning to adopt different strategies for different villages based on the effectiveness criteria-1. In some cases funds are transferred to the GP as implementing agency and toilets are constructed parallel to CLTS implementation; 2. In other cases beneficiaries are triggered and followed upon to build toilets and then are reimbursed via RTGS directly into their accounts after due verification. At the block level and at the district level funds are reserved for IEC & HRD requirements.

Funds are transferred via NEFT/RTGS and reach the GPs immediately under CBS banking system in all branches in Shahjahanpur. Funds are transferred only as per the immediate requirement of the GP and hence the question of parked funds does not rise.

**(l) Please provide a note on the technologies adopted for difficult areas ? How are local innovations encouraged ?**

We are adopting the two pit standard design model of toilets and multiple rounds of trainings are conducted on technologies and dos and donts of toilet construction to masons and technical staff at the Block level and GP level. Since there are no special areas in Shahjahanpur, standard design and estimates are enforced upon. However beneficiaries and technical staff are encouraged to give feedback and effective grievance redressal of their supply chain issues is conducted on a regular basis.

**(m) Please provide Note on the process of evaluations/RALU/Documentation of success stories**

There is a cell constituted under the CDO to document all the learnings and findings and problems faced by the team. Also regularly, best practices across the country are studied to understand the replicability in the district and subsequently adopting the same. Also a whatsapp group is created in the district with the entire team posting successes and queries on the same with DM & CDO actively participating in the same.

#### 2016-17

**(a) Please provide an overall Note (Not more than 3 pages) on the Strategy(vision) the State to achieve goal of ODF State on/before 2019 with focus on plan for 2016-17**

We are planning to achieve ODF status for Shahjahanpur by 31<sup>st</sup> march 2018. Of the 1077 GPs to be made ODF, we are planning to convert 525 GPs into ODF GPs by 31<sup>st</sup> march 2017. Our main focus area would be to bring community mobilization and behaviour change by using the various CLTS techniques and rapid toilet construction. We would embark upon the following to achieve the ambitious targets :

1. Increasing the number of Sanitation Champions from the current 120 to atleast 300 who are experts in triggering, follow up and community behavior change. These Motivators and the follow up committees would be provided with logistical support as required, IEC material for effective follow up & Incentive systems to keep their morale high. Refresher trainings will be held for Champions to ensure learnings are shared, skills enhanced, and their problems solved.
2. Increasing the size of the workforce as masons to atleast 1500 to allow us to construct 130000 toilets atleast next year. Monitoring mechanism has been created at the district and block level to ensure that atleast 500 toilets are constructed on a daily basis in GPs, this mechanism will be further strengthened. Also technical skills of our TAs, JEs, AEs will be enhanced so that they are able to monitor the construction of toilets better.
3. Verification system & Incentive system is in place for FY 16-17.

TABLE 3

Compon ents	Househol ds without toilets as per Baseline Survey 2012-13	Toilet constructed from date of Base line Survey to upto 31.03.2016	Anticipated Toilet constructed from date of Base line Survey to upto 31/3/2016	Expected Households without toilets as on 1.4.2016	Objective for the Year 2016-17	Objecti ve for the Quarte r-I APRIL TO JUNE 2016- 17	Objecti ve for Quarte r-II (July to sep 2016)	Objectiv e for Quarter -III (Oct- Dec 2016)	Objectiv e for Quarter- IV (Jan- Mar 2017)
